

Overview

Acti-Leader Senior (ALS) is a program that seeks to strengthen the leadership capacities of young teens by offering them targeted training programs. These programs will enable them to co-manage sports, recreational, and community engagement activities such as motor skills training, outdoor games, bike repair, leading kids' groups, environmental awareness projects, gardening, and homework clubs for youth, to mention a few.

The project will specifically target high school students (aged 14 to 17) living in Aylmer who wish to engage in community development in the sector and acquire valuable knowledge.

The project will also provide support to partner organizations in need of trained young facilitators.

Objectives

(OS1): Provide comprehensive support to young teens to develop their leadership potential.

(OS2): Equip young teens with the necessary tools to become facilitators themselves for their peers.

Outcomes

The project aims to achieve the following results:

- Result 1.1: Creation of a network of Acti-Leaders Senior.
- Result 2.1: Support for young clients in childcare centers, schools, and the community...
- Result 2.2: Support for partners and the community.

Key Steps

- Identifying community needs and those of young teens through targeted surveys.
- Identification of Acti-Leaders.
- Capacity-building program (theoretical and practical trainings).
- Community engagement projects (paid work experiences with community organizations).
